

getService - SetHive Request Message

```
<message_body>  
<pm:set_hive>  
<environment>PRODUCTION</environment>  
<helpURL>http://i2b2.org/help</helpURL>  
<Active>true</Active>  
<domain_name>i2b2dev</domain_name>  
</pm:set_hive>  
</message_body>
```

A **setHive** message is sent by a client application or another cell service to add a hive to the PM cell. The domain, username, and password are sent in the header of the message so it does not need to be sent separately in the *<message_body>*.

Role	Access Full	Access Project	Access Self
