

getServices - SetHive Request Message

```
<message_body>
<pm:set_hive>
<environment>PRODUCTION</environment>
<helpURL>http://i2b2.org/help</helpURL>
<Active>true</Active>
<domain_name>i2b2dev</domain_name>
</pm:set_hive>
</message_body>
```

A **setHive** message is sent by a client application or another cell service to add a hive to the PM cell.

The domain, username, and password are sent in the header of the message so it does not need to be sent separately in the *<message_body>*.

Role	Access Full	Access Project	Access Self
ADMIN	X	X	X
