

## 3.9.4 Load Workdata Tables

### Step 4: Load Workplace Framework (WORK) Tables

The **fourth** and **final step** in the Workdata installation process is to load the data into the Workdata tables by running the following command:

*Select the command line that is appropriate for your environment.*

#### Linux Run Command

```
ant -f data_build.xml db_workdata_load_data
```

#### Windows Run Command

```
%ANT_HOME%\bin\ant.bat -f data_build.xml db_workdata_load_data
```
