

## 5.7 Verify PM Installation

### Verify Web Services

Although this step of the installation is optional it is highly recommended that you do a "Sanity Check" to make sure the Web Service for the PM Cell is running.

#### Steps to verify web services

1. Open your web browser and enter the following URL:  
**`http://yourHost:9090/i2b2/services/listServices`**

2. Verify the **PMService** is listed as active.
