6.5.2.3 Delete User Parameters

Steps to Delete a User Parameter

The following steps outline the process of deleting a user parameter in the i2b2 Administration Module.

Assumption: The following steps assume you are already logged into the i2b2 Administration Module. If you do not know how to login please see the chapter titled i2b2 Administration Module Install.

1. In the Navigation panel, expand Manage Users to display a list of users.

- 2. Expand the **name of the user** that has the parameter you want to delete.
- 3. Expand the **Params** option that displays under the user's name.
- 4. A list of parameters entered for that user will display under their name in the Navigation panel.
- 5. In the Navigation panel, click on the name of the parameter you want to delete.
- 6. The *Edit Parameter* page will display on the right.
- 7. Click on **Delete** to remove the parameter.
- 8. The parameter will be removed from the list of parameters on the *Parameters List* page.
- 9. In the Navigation panel click on Params to refresh the hierarchical tree and verify the parameter no longer appears in the list.
