FAIR-viewer

About the FAIR-viewer Web Client Plugin

Introduction

This plugin is part of the FAIR (Familial, Associational, & Incidental Relationships) Tool Set developed as a result of feedback and suggestions from the i2b2 users community in the University of Massachusetts Medical School. As its name implies, the purpose of this tool set is to facilitate a researcher in the pursuit of studies which may involve members of a patient's relationships of any defined types.
This plugin provides the following main functions:

1. Tabulates all available FAIR members of each patient for a set of selected Patients.
2. Optionally exports aforementioned tabulated data into an Excel spreadsheet file and / or a CSV file conveniently.

Instructions

1. Navigate to the **"Specify Data"** tab; then, drag and drop a desired Patient Set onto the input box provided.
2. Click the **"View Results"** tab to view the table of the results.
3. Optionally click the appropriate button to export the tabulated data into an Excel spreadsheet file and / or a CSV file conveniently.

Caveats

N/A.

Browser Compatibilities

- This plugin works on the following browsers: Firefox (v.4.0.1), Chrome (v.19.0), Safari (v.5.0.5), and Internet Explorer (v.8.0 & v.9.0.1).
- The i2b2 Web client itself does not work on the following browser: Opera (v.11.50).

i2b2 Version Compatibilities

This version (v.1.0) of this plugin is developed on i2b2 v.1.6.0.2.

Version History

1.0	Inital release, for i2b2 v1.6.0.2.	(Q4 2012)

Availability

This plugin is free to the rest of the i2b2 community. It can be downloaded from the University of Massachusetts Medical School website for i2b2 related downloads, as well as the Google Code project download page set up for it.

Terms of Use

This plugin is published under the GNU GPL v3 license.

This software is distributed as a plugin to the i2b2 v1.6 webclient framework, and may be used free of charge. It is distributed in the hope that it will be useful, but WITHOUT ANY WARRANTY; without even the implied warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE.
