

Create OMOP views

Step 6: Create the OMOP views

The **sixth** and **final step** in the crcddata installation process is to create the OMOP view by running the following command:

Select the command line that is appropriate for your environment.

Linux Run Command

```
ant -f data_build.xml create_omop_views
```

Windows Run Command

```
%ANT_HOME%\bin\ant.bat -f data_build.xml create_omop_views
```
