

Crcdata Tables

Overview of CRC Data Installation

The crcdata tables are part of the Data Repository (CRC) Cell. The following outlines the steps that will be taken during this stage of the installation.

- Step 1:** [Change your working directory](#)
- Step 2:** [Set the database properties for the crcdata](#)
- Step 3:** [Create the Data Repository \(CRC\) tables, indexes and sequences](#)
- Step 4:** [Create the stored procedures](#)
- Step 5:** [Load sample data into the tables](#)
- Step 6:** [Create the OMOP views](#)
