Create OMOP views

Step 6:   Create the OMOP views

The **sixth** and **final step** in the crcdata installation process is to create the OMOP view by running the following command:

Select the command line that is appropriate for your environment.

Linux Run Command
ant -f data_build.xml create_omop_views

Windows Run Command
%ANT_HOME%\bin\ant.bat -f data_build.xml create_omop_views
