## 6.6.5.3 Delete Project User Parameters

## Steps to Remove a Project User Parameter

The following steps outline the process of deleting a project user parameter in the i2b2 Administration Module.

Assumption: The following steps assume you are already logged into the i2b2 Administration Module. If you do not know how to login please see the chapter titled *i2b2 Administration Module Install*.

1. In the Navigation panel, expand Manage Projects to display a list of projects.

<ul> <li>Manage Hive</li> <li>Manage Cells</li> <li>Manage Projects</li> <li>i2b2 Demo</li> <li>Manage Users</li> <li>Manage Approvals</li> </ul>
⊡-Project Requests

- 2. Expand the name of the project that has the user whose parameter you want to delete.
- 3. Expand the **name of the user** to display a list of options.

PM Navigation	
⊡ Manage Hive	
⊞-Manage Cells
