Started WildFly services
Verified installation
IM Web Services are running

Next Steps

Congratulations! You have finished installing all the cells that make up the i2b2 Hive as well as installed the i2b2 Administration Module, Web Client and Workbench. Your *next step* is to take a look at the next chapter on Initial Setup. This chapter will guide you through the process of setting up projects and users in the i2b2 Admin as well as how to arrange the desktop of the i2b2 Workbench.
